5.1 ACTION REPORT: 0

5.2 Variance report was presented to council for review

## 6.0 NEW BUSINESS:

6.1 CCBF needs to be submitted by March 2026. We have \$171,389.04 available in CCBF allocation that the town can use. Council discussed and said that we should use so much for an emergency capacity, for new water supply and maybe a recreational maintenance team. Town Manager to follow up with CCBF to apply.

6.2 Property at old cove road was discussed again regarding the right of way that the town was interested in buying a portion of their property to get access. Mayor Nicolle suggested that the town speak with resident at 47-49 old Cove Road. Years back he was given a permit from Town council to put cabins/houses on his property, but according to Mayor Nicolle he is encroached on some of town's land that will give the town access to join into the right of way that the town is trying to get access to. It was discussed that in the spring council would go take a look, as right now there is too much snow.

6.3 Quotes for 3 phase Heater at arena in lady's washroom was presented. Office staff could only get 2.

Ashton's Electric & McCloughan's.

Ashton's Electric Supply & install 3 phase 3000-watt replacement heater	\$1550.00 +labor & fuel \$250.00+ HST \$270.00 = \$2070.00
McLoughlan Supplies 3 Phase heater	\$1650.25 +HSTS 247.54=\$1897.79

**Motion # 23-2026** Moved by Councilor G. Pittman and seconded by Deputy Mayor C. Temple to go with Ashton Electric as it is cheaper because he is supplying the installation.

6.7 Quote for flow meter for Rocky Harbour fish plant was presented. Reason there was a quote is because it is felt that when the fish plant opens, they have a large hose running at all times. Council is concerned that if this water is chlorinated then it is a high cost to the town. They recommended that office staff to call and chat with the owners. If it is chlorinated and running at all times then there is a possibility that the town may have to put a flow meter on.

6.8 Crown lands application # 163544 (Hiking Trail) was presented for signing. The map of the trail was looked at and council wasn't sure why the trail access was placed where it is. Councilor G. Pittman will investigate.

6.9 Standing offers were presented. J&M Enterprises had the lowest bids, but Shears and Floyds came in cheaper on other items. Council decided that we use whoever is cheaper for whatever project we will need the contractors for.

**Motion # 025-2026** Moved by Councilor G. Pittman and seconded by Councilor C. Fisher. To go with whoever is cheapest, but next year there may be changes in the way the town accepts the bids.
