11. COMPLAINTS:

Resident on Parsons Lane wishes council to revisit request to have 1-WAY traffic sign permanently removed from the intersection of Parsons Drive and Main Street.

ROUND TABLE:

- 1. Council would like Fire Department/Maintenance to keep closer eye on materials being brought to fire pit.**
- 2. Discussion about providing a space for unused care products such as adult diapers for public use rather than having them disposed of. Councillor Cullihall has seen frustration with the policy of not accepting return product once assigned to an individual regardless of the fact that these are unopened packages in unopened boxes. Council agreed to look into possible options.**

3. Have Maintenance check on properties on Payne's Path and Shearkin Place for unkempt yards.
